Circumstances: The composite photos above show Raymond at six days and 38 years, respectively. He was abducted from his home by an unknown black female. His mother, Donna, met the woman while watching Raymond through the nursery window at Grady Memorial Hospital. The woman, who called herself **Lisa Morris** (sketch at left), took Raymond from his home when he was six days old. Morris is described as 23-24 years old, 5'5" - 5'6" with light skin, a small nose, full lips and dark eyes and may have a mole on her left cheek. She wore a short dark-colored leather coat. A neighbor saw Morris and Raymond get into a brown vehicle which drove away. Neither Morris nor Raymond have ever been seen again, and authorities determined that all the information she provided to Donna was false. Raymond's case remains unsolved.
