

GINA ARTIST SCRIPT

TONIGHT is a special night. We are here tonight because Gina Bos walked out of a pub after a performance on October 17, 2000 and vanished. GINA for Missing Persons FOUNDation was created in her honor to utilize entertainment to educate the public about missing people. Over 850,000 missing persons reports are made each year. We only hear about a handful of them that have the most public appeal. Though this is a sad subject, it is truly a celebration of hope that in one sitting I can tell all of you about a local missing person and, by working together and simply posting a flyer, we have the awesome chance to bring someone's loved one home. GINA for Missing Persons FOUNDation created The Squeaky Wheel™ Tour, a grassroots effort to gain international attention for the missing and bring one home. The tour takes place each fall, with hundreds of artists participating across the U.S. and the world.

Tonight our local missing person/s is/are _____

Then, read the flyer(s) info and ask the attendees to take a flyer to post in the area or wherever they may roam in the next week. Also, tell them for more information on GINA For Missing Persons, the artists, and especially the missing we are profiling, go to: www.411Gina.org. Remind them of how important it is to post flyers, because people are actually found from flyers. Last year, 34 people profiled during SWT were found. Our goal is always to bring one home at a time. Remind people throughout the night to take flyers when they leave.
